We select three donors corresponding to the phenotypes of the couple and send the information about the donors to the clients.

2. The couple selects the desirable donor.

Our requirements for the donors are:

- a) age from 18 to 25;
- b) perfect physical health;
- c) perfect mental health;
- d) absence of genetic diseases in the donor and her family (siblings, parents, uncles, aunts, grandparents).

3. The couple will need to come to Ukraine at least twice:

During the second visit (5 to 10 days) the sperm pick-up, fertilization of donor's eggs and embryo (blastocyst) transfer on the 5th day after fertilization are performed.

The cost of the JUNIOR Package

The JUNIOR Package costs €2,800. This package allows you to save money as the donor's ovums will be divided. The couple gets 8 donor ovums. The program can only be performed in case the man has no problems with sperm and the woman – with her uterus.

The payment is performed after the contract is signed.
